Sydney Dental Hospital

Assisting our community to achieve better oral health and encouraging learning and development for all, through support, education and research.

A full range of general and specialist clinical services is offered to eligible patients, in conjunction with higher education University Faculties and the Sydney College of Technical and Further Education.

Oral Health Services and Sydney Dental Hospital are able to provide free treatment only to eligible patients residing in NSW.

Eligible patients are described in the current Health NSW Policy as:

- Those persons less than 18 years of age
- Persons aged 18 years or older who hold:
- A valid Health Care Card; or
- Pensioner Concession Card; or
- Commonwealth Seniors Card (Holders of only a State Seniors Card are not eligible)

Whilst all children and young persons (0–17yrs) are eligible for general oral health care services, only those who are self holders or whose parents/guardians are holders of valid Centrelink concession cards are eligible for inpatient specialist dental services including oral surgery, paediatric dentistry and orthodontic surgery and for outpatient dental specialties such as endodontics, orthodontics, oral surgery, prosthodontics and periodontics.

first Visit – What Do I Bring?

It is important that you bring with you:

- Your current Medicare Card
- Your current Pension or Health Care Card
- A form of photographic identification
- Details of any medication you are taking
- Proof of residency

interpreters

An interpreter can be arranged for your appointment by contacting the Oral Health Information & Intake Service

Services offered include:

emergency & general Dental Care in the Community Oral Health Clinics include:

- Restorations (Fillings)
- Extractions and minor oral surgery
- Preventive & Periodontal treatments and advice
- Root canal therapy (limitations apply)
- Denture Services
- Oral Health Promotion and Education

specialist Dental services at Sydney Dental Hospital (by referral, in accordance with NSW Statewide Referral Guidelines) include:

- Paediatric Dentistry
- Periodontics
- Orthodontics (see Eligibility Criteria at left)
- Prosthodontics (Full partial dentures, crowns & bridges)
- Endodontics (root canal treatment)
- Maxillo-Facial Prosthetics
- Oral Surgery
- Oral Medicine/Oral Pathology
- Special Care Dentistry

The initial specialist appointment will usually be for consultation only. Waiting lists apply for all specialist treatment. At some acute hospitals, pre-surgical dental assessments for transplant, radio-oncology and cardiac care are also performed.

Consent

Your treatment will be explained to you by your dental clinician so that you understand before anything is done. If you have ANY questions, please ask your clinician.

Education

As Sydney Dental Hospital is a teaching hospital, some or all of a patient's treatment may be provided by students. This is always under the supervision of qualified clinical staff. Students can also be post-graduate Registrars, graduate trainees or new graduates dentists who are

already qualified dentists. All students and supervisors are credentialed to provide clinical care in Oral Health Services.

Research

The Sydney Dental Hospital is associated with a number of recognised research organizations. You may be asked to participate in a clinical research program. This participation is entirely voluntary and attracts no financial benefit.

No smoking

Health NSW policy states that smoking is NOT permitted anywhere within the Hospital or within 10 metres of public entrances.

Mobile phones

NSW Health Policy states that mobile phones are not to be used in clinical areas.

Parking

Limited parking is available at most clinics. At some locations, fees are charged for parking. When making an appointment, please ask the staff member for location-specific details. There is very limited metered street parking at Sydney Dental Hospital.

Sydney Dental Hospital is located directly opposite Central Railway Station and is easily accessible by trains and buses.

Oral Health Services cannot provide information on, or advice about, the costs of treatment in or by Private Dental Practitioners.

Comments or suggestions

If you have any comments on how our services have been provided or suggestions about our service, please speak to any member of staff, who will direct you to the suggestion box. Comments may also be made to the Patient Liaison Officer, located at Sydney Dental Hospital. December 2012
