SCULPTURE - JANE GILLINGS

Arterie@RPA is honoured to collaborate with Sculpture by the Sea to present special guest sculptor Jane Gillings, at the Monthly Art Workshop for the Chinwaggers Support Group.

We welcome patients, carers and staff from 8W1, Renal, Infusion and Children’s Short Stay to this special event in the RPA Atrium.

Her 2017 Sculpture by the Sea Bondi exhibition Are We There Yet? hints at traffic congestion. Jane creates a convoy of trucks using recycled toy cars and plastic garden edging to create the look of bitumen.

As a conceptual artist, Jane’s work has underlying messages regarding overconsumption, waste and loss yet her sculptures are playful and accessible to all ages. By using recognisable objects and materials, Jane finds that nostalgia plays an important role in her work.

In this workshop Jane will discuss her background, inspiration and the process of designing and making sculpture. The Arterie team will support guests to make their very own Jane Gillings inspired sculpture.

At the conclusion of the workshop, we will collect your sculptures and display them at the end of year Chinwagger pARTy on 12.12.2017.

Thank you to Arterist and Sculpture by the Sea Access & Inclusion Coordinator, Kica Saar, for facilitating this exciting collaboration. We look forward to creating some colourful works of art together and collecting your invaluable feedback.

Tuesday 28 November
1:00-3:00 pm
Level 3 Atrium
Royal Prince Alfred Hospital
